Re: 19th Annual Founder's Day Celebration

Dear Munir:

Last night I had the great pleasure of watching a re-broadcast of Muhammad & Friends. Although I often watch and enjoy your show, the program I saw last night was different from any I had seen before.

You are always insightful, witty and deftly employ your skills and the tools of your art that you have honed to produce excellent interviews. But last night you spoke about your dedication and devotion to the Honorable Elijah Muhammad and, quite frankly, you produced one of your most eloquent, convincing, thought-provoking and moving shows I have ever witnessed.

The world is a better place because of your unflinching dedication to a vital cause; the problems of the world would likely be solved if every community were blessed with the leadership, daring and caring of a man such as yourself.

Thank you for being a friend to me and to my family. Thank you for undertaking the work that you do. It is an honor to know you.

Very truly yours,

Kevin L. Freeman
