

**Why Not Elijah Muhammad**  
**Written By: Aisha Muhammad**

What did he do to have his name placed under the rug...hardly ever mentioned; and if mentioned, mentioned quietly, after all the good works he has and is doing. Malcolm X, Muhammad Ali, Minister Louis Farrakhan would not be heard of if Elijah Muhammad had not produced and introduced them to the world.

Dr. Martin Luther King's name rings...rings...rings and well deserved simply because of his great works. Rev. Jesse Jackson, Andy Young and Rev. Abernathy are men introduced to the world because of him. These men have their place today but not above Dr. Martin Luther King. The reason is that their works do not compare nor are as great as Dr. King.

We should learn to give credit, where credit is due. The Honorable Elijah Muhammad built a nation within a nation and it was given away. But he left a blue print for anyone who truly believed and put their belief into action would and could pick up that blue print and build the nation. Minister Louis Farrakhan did that. He rebuilt the Nation of Islam by that blue print.

Today, Minister Farrakhan is given all the credit and he is not the author of the book. He has told people, countless times that the Honorable Elijah Muhammad is and will always be the leader of the Nation of Islam. But the people call him a liar and say, "No, no, you are the leader, Minister Farrakhan." What can a man like him, Minister Louis Farrakhan do to make them believe him and see that it is the Honorable Elijah Muhammad?
